

SINTELSAT at the Fourth Annual International Conference of Center of Excellence in Wireless and Information Technology (CEWIT)

STONY BROOK, NY- January 18th, 2007- Sintel Satellite Services, among many technology companies on the campus of Stony Brook University, has participated at the Fourth Annual Conference organized by CEWIT on January 18th at the Charles B. Wang Center. Many faculty members, PhD and master students were engaged in the organization of the event.

In attendance were the following prominent people from the wireless industry and the academia; Mr. Sanjay Singhal, CEO, Sintel Satellite Services, James Leveille, Strategy and Development, Yogesh Gupta, Technology Strategist, CA, Sintel Satellite Services, Prof. Dr. Clive Clayton, Director, SPIR (Strategic Partnership for Industrial Resurgence), Prof. Satya Sharma, Director, CEWIT, Dr. Judith M. McEvoy, President, LIHTI (Long Island High Technology Incubator) and many other dignitaries.

After the welcoming remarks made by Dr. Yacov Shamash, CEO-CEWIT , professionals from many companies such as IBM, Verizon, CA and Motorola presented lectures about emerging technologies, solutions and services. Lectures were followed by the lab tours and the conference ended with the research poster session.

About Center of Excellence in Wireless and Information Technology (CEWIT)

Center of Excellence in Wireless and Information Technology (CEWIT) was established in 2003. It was developed as a research and educational facility in order to build strategic alliances and business partnerships among scientific, academic and business communities. CEWIT currently has 44 associated faculty members, 190 Ph.D. and 180 MS students at the center. For further information, please visit www.CEWIT.org.
